Progress

Exterior framework for cladding in progress on the Concourse pedestrian bridge.

Mechanical equipment in the Inpatient Building South Penthouse.

Elevator shaft equipment placed in the Research Building.

Lighting boom equipment installed in the Emergency Room on Level 1 of the Diagnostic and Treatment Facility.

Community Spotlight

On October 13, 2015, volunteers from Kiewit-Turner joined volunteers from Kiewit in partnership with Boys and Girls Club of Denver to participate in *Construction Club*.

We introduced 5th graders from Force Elementary to the construction industry by discussing career opportunities and ended with a hands-on team building activity.
